PLANT & PRODUCT CATALOGUE

for wholesalers

N.A.T.S. Nursery is your specialized grower and wholesaler. While we focus on Pacific Northwest species, we also grow natives from across North America, spanning the continent from the Pacific Northwest to the Northern regions of B.C., Alberta, the Yukon, NWT, Nunavut, and Alaska, all the way to the Eastern seaboard.

We have been growing for over 25 years and produce excellent quality plant material for all of your projects. Our expert staff are always available to answer your questions and help you pick the right plants for the right places. We work on projects of all spectrums and sizes, from land reclamation and reforestation, to highway greening and habitat restoration, to low impact landscaping, green roofs and much more. We also supply plants to garden centres, brokers, wholesalers and landscapers.

We serve Canadian, U.S. and International clients with regular shipping to Canada and the U.S.
